FLEXALIGHTING
TOP QUALITY ITALIAN LED LIGHTING

GAGA
Wall mounted luminaire

IP40 made in Italy

design Lapo Grassellini

Wall mountable, dual emission fixture with extremely simple geometry. Thanks to the directionality of COB LED light sources, the lighting effect is soft and effective.

Apparecchio a parete biemissione dalla geometria estremamente semplice. Sfruttando il direzionamento delle sorgenti LED COB, l'effetto luminoso risulta particolarmente efficace e morbido.

Appareil mural biémission à la géométrie extrêmement simple. En exploitant l'orientation des sources LED COB, l'effet lumineux se révèle particulièrement efficace et doux.

Gerät zur Wandinstallation mit Doppelleuchte mit extrem einfacher Geometrie. Durch Nutzen der Ausrichtung der Quellen LED COB ist der Lichteffekt besonders wirkungsvoll und weich.

Aparato de pared biemisión de geometría sumamente sencilla. Aprovechando la posibilidad de orientar las fuentes LED COB, el efecto luminoso resulta especialmente eficaz y suave.

Supply current
230VAC

Power
2x10W
