

*cubus, cubus pure and filigno living*

**cubus**

Details which are typical for TEAM 7 such as slot-and-pin connections for the frame and base, finger-jointed drawer and solid wood fronts sorted by hand highlight the quality of the craftsmanship of the entire **cubus** range. The 25 mm thick top board emphasises the solid construction of the **cubus** range. A glass table top can also be selected as an option. The modular cabinet system can be individually configured with 15 heights, 6 widths and 4 depths.

**cubus pure**

The central design feature of the **cubus pure** living range is the delicate coloured glass which surrounds the fronts like a passe-partout frame. The fine glass edges and recessed plinth provide a light, floating visual appearance. The glass sides can be easily exchanged using special connection adapters developed and patented by our engineers. The modular **cubus pure** cabinet system with 15 heights, 6 widths and 4 depths can be configured to suit your needs.

wall mount up to grid depth 45.9 cm

**cubus pure** slide h 14 cm (gloss, stainless steel finish, matt bronze, matt black)

**filigno**

**filigno** living is particularly clear and structured. The design is inspired by a passionate determination to showcase the wood itself, in the form of slender, 12 mm three-layer panels. With refinement, elegance and modernity, **filigno** offers a lot of leeway for various design styles, from simple and elegant to flexible and young. 15 heights, 6 widths and 4 depths allow numerous planning options.

**cubus, cubus pure and filigno body-system**

**types of wood:** alder, beech, beech heartwood, oak, wild oak, venetian oak (only for **cubus pure** and **filigno**), cherry, walnut, wild walnut, oak white oil, wild oak white oil  
wild wood version only available for fronts

**glass colours:** see p. 2

**ceramic colours (only filigno):** see p. 2

**shelves:** solid wood or glass

**drawers:** full extension in metal and quiet self-closing mechanism

**touch fitting:** for flaps and drawers, height 16.4 cm, 24.4 cm, 32.4 cm

\*cubus and cubus pure: vertical woodgrain on doors, horizontal on drawers/flaps  
\*\*filigno: vertical or horizontal woodgrain possible for doors, drawers and flaps

**cubus quadrat, cubus pure quadrat and filigno quadrat**

**cubus quadrat fronts:** solid wood (horizontal woodgrain) or coloured glass  
**cubus pure quadrat fronts:** solid wood (horizontal woodgrain) or coloured glass  
**filigno quadrat fronts:** solid wood (horizontal or vertical woodgrain), coloured glass or ceramic

grid height

**filigno console**

Home entertainment systems are getting ever smaller, reducing the need for the traditional storage space in wall units. The new **filigno** console picks up on this trend. At just 12.4 cm in height, it is pared back to the essentials, resulting in a neat, contemporary aesthetic.

**top:** solid wood [1.2 cm], up to 320 cm continuous length possible  
**front:** solid wood, coloured glass, ceramic  
**glass colours:** see p. 2  
**ceramic colours:** see p. 2  
**handles:** touch fitting, wooden handle (only for wood front)  
**types of wood:** alder, beech, beech heartwood, oak, wild oak, venetian oak, cherry, walnut, wild walnut, oak white oil, wild oak white oil  
 wild wood version and venetian oak only available for fronts  
 Can only be suspended.

*design elements*

**design elements**

The design elements are open units made of pure solid wood, which integrate perfectly into the TEAM 7 element system. Whether as a free-standing suspended solo piece, or combined with or flush-mounted in sideboards, dressers, wall units, and kitchens, the design elements offer space to present decorative accessories – similar to a display case.

The display-cabinet character can be accentuated with optional all-glass doors. These hinged doors are made of transparent glass, available in clear glass, smoked glass, frosted glass or palladium. The back panel of the design element is available in a choice of coloured glass or wood.

## partition modules

At the smallest element depth (25.8 cm), partition modules and a divisions rod encased in leather can be manoeuvred freely to provide a simple structure to the interior. These partition modules can be arranged or combined in any way you wish.

leather divisions

## lighting

The design elements can be supplemented with dimmable LED lighting upon request. Here you can choose between round, adjustable spotlights and square, flush-fitting lights.

## types of wood

Unless stated otherwise, all wooden surfaces are finished with pure natural oil.

A detailed list of the wood types available for this product can be found on the pages 1-6.

black

pearl (matt only)

bronze (matt only)

steel (matt only)

### colour patterns

Wood is one of the most noble, beautiful and versatile natural products we have. Every piece of wood is unique. Differences in colour are a result of the wood's structure and place of origin. Similarly, the age of the piece of furniture will determine its colour, as natural factors in your home's environment (e.g. sunlight) can change the surface colour. When your order specifies a particular colour, we do our best to match it. But minor variations in wood, leather, fabric, glass and ceramic are inevitable. An exact colour match will never be possible.

\*wild wood versions only available on fronts and table tops

\*\*venetian oak is only available on fronts
